

affected industry, consistent with the Administrative Procedure Act, in the development of the Council's recommended management measures.

(3) Whether there is an immediate need to protect the resource or to impose management measures to resolve gear conflicts.

(4) Whether there will be a continuing evaluation of management measures adopted following their promulgation as a final rule.

(j) If the Council's recommendation includes adjustments or additions to management measures, and if, after reviewing the Council's recommendation and supporting information:

(1) The Regional Administrator approves the Council's recommended management measures, the Secretary may, for good cause found pursuant to the Administrative Procedure Act, waive the requirement for a proposed rule and opportunity for public comment in the FEDERAL REGISTER. The Secretary, in doing so, shall publish only the final rule. Submission of a recommendation by the Council for a final rule does not effect the Secretary's responsibility to comply with the Administrative Procedure Act; or

(2) The Regional Administrator approves the Council's recommendation and determines that the recommended management measures should be published first as a proposed rule, the action shall be published as a proposed rule in the FEDERAL REGISTER. After additional public comment, if the Regional Administrator concurs with the Council recommendation, the action shall be published as a final rule in the FEDERAL REGISTER; or

(3) The Regional Administrator does not concur, the Council shall be notified, in writing, of the reasons for the non-concurrence.

(k) Nothing in this section is meant to derogate from the authority of the Secretary to take emergency action under § 305(c) of the Magnuson-Stevens Act.

§ 648.56 Scallop research.

(a) Annually, the Council and NMFS shall prepare and issue a Request for

Proposals (RFP) that identifies research priorities for projects to be conducted by vessels using research set-aside as specified in §§ 648.53(b)(3) and 648.60(e).

(b) Proposals submitted in response to the RFP must include the following information, as well as any other specific information required within the RFP: A project summary that includes the project goals and objectives; the relationship of the proposed research to scallop research priorities and/or management needs; project design; participants other than the applicant, funding needs, breakdown of costs, and the vessel(s) for which authorization is requested to conduct research activities.

(c) NMFS shall make the final determination as to what proposals are approved and which vessels are authorized to take scallops in excess of possession limits, utilize DAS set-aside for research, or take additional trips into Access Areas. NMFS shall provide authorization of such activities to specific vessels by letter of acknowledgement, letter of authorization, or Exempted Fishing Permit issued by the Regional Administrator, which must be kept on board the vessel.

(d) Upon completion of scallop research projects approved under this part, researchers must provide the Council and NMFS with a report of research findings, which must include: A detailed description of methods of data collection and analysis; a discussion of results and any relevant conclusions presented in a format that is understandable to a non-technical audience; and a detailed final accounting of all funds used to conduct the sea scallop research.

§ 648.57 Sea scallop area rotation program.

(a) An area rotation program is established for the scallop fishery, which may include areas closed to scallop fishing defined in § 648.58, and/or Sea Scallop Access Areas defined in § 648.59, subject to the Sea Scallop Area Access program requirements specified in § 648.60. Areas not defined as Rotational Closed Areas, Sea Scallop Access Areas, EFH Closed Areas, or areas closed to scallop fishing under other FMPs, are open to scallop fishing as
